

# The Milwaukee Astronomical Society

## 75th Anniversary Year

### 2007 Public Observing Schedule

April 27	Exploring the Moon
May 11	Saturn
August 3	Meteors
August 17	Jupiter
September 7	Galaxies
October 5	Double & Multiple Stars

*Join us for an  
Evening  
Under  
the Stars!*

[www.milwaukeeastro.org](http://www.milwaukeeastro.org)

All Public Observing sessions begin at 7:30 PM. A 20-minute presentation about our topic will be repeated throughout the evening. Club members will be available to answer your questions and be your guide to the Universe.

The MAS Observatory is conveniently located in New Berlin Wisconsin.
