Obs.Dir.-R.Zit 342-4037 Asst.Obs.Dir.-J.Asztalos 547-3400  
(after 5 p.m.)

- JUNE 1980 -

ELECTION RESULTS: The tally of ballots cast in the May election showed Frank Roldan, James Greenwald, James Toeller, Ray Zit, and John Asztalos retaining their positions as president, vice president, treasurer, obs. director and asst. director respectively. Mrs. Virgil Tangney was replaced by Mrs. Mary Ellen Fromm as secretary. The Long Range Planning Committee Chairman position is vacant owing to Harvey Lindemann's departure to Texas.

Frank Roldan, Brian Ganiere, and Gerry Samolyk were voted in as board members to replace Richard Berry and Virgil Tangney.

The incumbent, incoming, and outgoing officers and directors proved their leadership qualities by guiding the MAS through another busy year, particularly in getting the 26" 'scope building project to move ahead. They deserve the appreciation and support of every member!

HOW TIME FLIES! It's picnic time again! Pack the car with your family, your favorite food, and yourself and join the picnic at the observatory Sunday, June 29, at 2 p.m. There'll be soda pop, volleyball, whatever goodies folks donate, fun, a dandy prize, a close view of the partly constructed 26" building, fine weather, and ???

The drawing will reward the lucky winner with an Edmund 28mm RKE eyepiece valued at \$29.95! But you must be there to win.

We'll all sit down to supper at 4:30. The Board will meet at 7. Stop by.

26" (66cm) TELESCOPE NEWS: The hole is dug, the foundation is in, and wall blocks are being laid! The building is now above ground level and back-filled. The pier is at the five foot level. Will all be done in time for the MAS 50th anniversary? It's up to all of us.

On a related note, the material and labor costs are diminishing the Fund. Now's the time to honor your pledges or send a donation. Treasurer Jim Toeller will accept any amount, and he's quite good at adding! His address is 407 W. Mall Rd., Milwaukee, Wis. 53217 (352-7144).

Oh, one more thing. Send your dues, which are due by Sept. 1. There has been no increase.

OPEN HOUSE: See the enclosed flyer. Call an officer or just come out if you can help. We need small scopes, operators, guides, attendants. If you'd like to deliver a short talk apropos of the topic for that evening, call.

Remember, the Open Houses are on Friday nights. This will allow our guests a longer, more enjoyable evening.

JOE LOEPPE, a long time MAS member, called Harvey Lindemann at his home in Austin, Texas. Harv. is fine and still active in astronomy. He is a member of the Austin Astronomical Society which meets at the Univ. of Texas (their gain and our loss).

Harvey says hello! To all of us. His phone no. is 1-512-258-7175.

FOR SALE - 2.4" equatorial refractor with tripod, 6x finder, includes 3 eyepieces (up to 450 power), barlow lense, erecting prism, star diagonal, sun & moon filters, sun projection screen, and wood carrying case, excellent condition. Price \$100.00. Contact Bob Halter 258-7692.

THIS IS THE LAST DOUBLE DOME until September. Let your summer activities include frequent visits to the observatory. Attend the Open Houses and the Staff meetings. Rent a key and make use of your observatory. The officers and directors will appreciate any help you can offer now that the building program is under way.

OBSERVATORY NOTES: Raymond Zit, Obs. Director (342-4037)

John Asztalos, Asst. Obs. Director (547-3400)

- o Staff meetings - July 2, Aug. 6, Sept. 3, all Wednesdays, at 7 p.m., observatory. All members welcome. Bring a guest.
