MILWAUKEE ASTRONOMICAL SOCIETY

SEPTEMBER - 1970

SEPTEMBER MEETING

This month is the start of a new Society year! No doubt the passing summer offered plenty of warm, clear nights for observing.

To start things off, our first meeting will be in a new place for just this one time. We will meet

Friday Sept. 18 at 8:00 p.m. at the UWM Campus in
Ellen C. Sabin Hall, Room 85, at
N. Downer and E. Newport

Graduate students will conduct groups of 25 in a guided tour of the Greene Memorial Geological Museum.

OPEN HOUSE MESSAGE

The finest store-bought card with its fitting verse and artwork cannot express the appreciation I have for the diligence of the many members and non-members who helped crown this year's Open House program with success.

The throng of visitors - I'd say 1,500 - that toured our observatory during the seven nights were quite pleased not only with our clean facilities, our impressive equipment, and the entertaining talks that included every celestial wonder, but also with the courtesy and assistance put forth by all the volunteers. I'm sure all our guests left enlightened and refreshed, and I hope the young ones left inspired.

Again, thanks to everyone whose least effort helped make the program a memorable event.

LeRoy Simandl
Open House Chairman
